

The Canal & River Trust and Huddersfield Canal Society are working together to improve the navigability of this historic waterway. Through this questionnaire both organisations are keen to learn from boaters about their experience of cruising the Huddersfield Narrow Canal and any issues which boaters consider should be prioritised for improvement.

Restoration to through navigation in 2001 was the culmination of a twenty five year campaign. It could not tackle all of the issues which would bring the canal up to the standard of the more popular waterways which have been in constant use for two centuries. Since reopening there has been a major programme of lock gate replacement on those lengths which were restored during the earlier stages. This programme is now reaching its conclusion. Further work has been underway to resolve long standing leaks through lock chamber walls and some pounds.

We would be very grateful if you would spend a few minutes completing this questionnaire and posting it to Huddersfield Canal Society, Transhipment Warehouse, Wool Road, Oldham, OL3 5QR. Alternatively, you may prefer to complete the online version at:

*<http://www2.huddersfieldcanal.com/canals-for-all/>*

and submit accordingly.

Your valuable feedback will help guide our ideas about future investment in the Narrow.

*Where there is a choice of answers please circle or tick the nearest suitable one.*

**THANK YOU**

# Huddersfield Narrow Canal

Version 5.11 January 2019

## Boaters' Questionnaire

# 1. About your boat

Name (optional).....

Length  Width  Draught

What did you think of the Lock Gear and Gate operation?

.....  
.....  
.....  
.....

What did you think of the approaches to and across the Locks?

a) Approaches to: .....

.....  
.....  
.....  
.....

b) Across: .....

.....  
.....  
.....  
.....

What did you think of the Lock Environment?

.....  
.....  
.....  
.....

## 2.4 Facilities

In your own words, please tell us what you think of the availability and standard of:

Moorings (*daytime, overnight or longer term visitor ones*). Is there a particular location you'd recommend or like to see provided?

.....  
.....  
.....  
.....

Refuse Disposal Facilities

.....  
.....  
.....

Water Points

.....  
.....  
.....

Pump Out facilities

.....  
.....  
.....

Elsan Disposal Points

.....  
.....  
.....

Toilet facilities

.....  
.....  
.....

## 2.5 Standedge Tunnel Passage

*Note: We are pleased to say that CRT now allow you to visit the summit pound of the Huddersfield Narrow Canal at Diggle and Marsden without having to making a tunnel transit.*

Were you able to transit the tunnel on your preferred date?

Yes  No

Are there any days of the week for tunnel transit which would help you with your itinerary?

Yes  No  If Yes which .....

Was the provision of a tunnel chaperone through the tunnel:

Essential  Helpful  Unnecesary

Tell us, in your own words, whether any of the current restrictions on tunnel passage times and limitation on mooring at Marsden have an adverse impact on your desired itinerary.

.....  
.....  
.....  
.....
